Dear Sir

Re: Removal of dead Eucalyptus gum tree

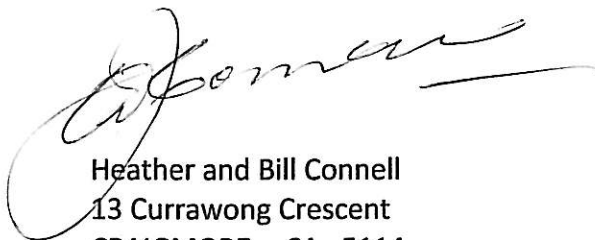

We wish to express our thanks and gratitude, for your service and attention to the removal of our Eucalyptus gum tree, which had died some two years ago, after some limbs had been removed by another tree service provider

Since our approval had been received on 27 April 2010, by Playford Council, # 292/915/2010, then having rang your people on 5 May 2010, to arrange a quote from Leigh, # 050510 LS on 8 May 2010

Your guys, Matthew, Simon, Michael attended to the removal of the tree, on 8 July 2010, they performed expediatly and professionally, they took great care, at the removal progress, no damage to the fencing and shed were experienced, they also cut many of the larger pieces, to be cut into firewood pieces, as requested, they also cleaned and removed all debris from the surrounding areas of the property

We do recommend your business for its exceptional, service and care, with the respective undertakings that comes your way

Yours faithfully

Heather and Bill Connell
