Gawler SA 5118

Dear Sir or Madam

This is just a quick note to compliment your workers, on how well they handled the job they did for us on Wednesday 30th of May. The guy who gave us the quote was very helpful and the team, who did the work were very professional and friendly.

We have enjoyed that peppercorn tree for the past 23-year (the tree is much older than that), and we would be devastated if it was butchered. We have a situation, which needs us to keep the peace. The way your workers did the job most of time under surveillance from our neighbour is a credit to your company. We will recommend your company to anyone.

Thanks again

Steve and Maria
